

## Preston Carey Leslie

Data Governance & Systems Analyst | Quantitative Analyst | MS, Quantitative Methods & Modeling  
New York, NY | Target Markets: Portland, OR | Seattle, WA (June 2026)

prestoncarey90@gmail.com

843.694.6959

prestoncarey90.github.io/portfolio

## Mission

Expert in architecting technical and operational bridges between public policy, C-suite strategy, and front-line data integrity for complex civic, sustainable, and operational infrastructure.

## Education

### Master of Science in Quantitative Methods and Modeling

Baruch College, Zicklin School of Business, New York, NY

Relevant Coursework Highlights:

Data Warehousing and Analytics | Simulation Modeling & Analysis | Modern Regression Analysis |  
Corporate Finance | Investment Analysis | Data Visualization | Data Mining for Business Analytics |  
Principles of Database Management | Programming for Analytics.

GPA:

3.525

### Bachelor of Arts in French, minor in Art History

Francis Marion University, Florence, SC

GPA:

3.633

## Technical Skills

**Programming & Scripting:** Python (Data Mining, ELT, Complex Visualization), R (Multiple Linear Regression, Stepwise Optimization, ANOVA), SQL (PostgreSQL/MySQL), YAML, Agile, API Logic, Data Transfer Testing, Data Validation, Schema Mapping

**Visualization & Modeling:** Tableau, Plotly, Google Data Studio, Advanced Excel (Analytic Solver, Complex Spreadsheet Modeling & Optimization)

**System Architecture & SaaS Governance:** Data Governance (HIPAA, PHI/PII Protection), Alteryx (Designer Core Certified), dbt (Data Build Tool), BigQuery; engineered automated pipelines to ensure 100% data integrity for public-sector reporting

## Professional Experience

*Lead Patient Care Associate (Implementation Consultant) | Callen-Lorde | 2021–2026*

- **Enterprise System Auditing & Advocacy:** Audited operational baselines and front-line data fidelity during an enterprise-wide Epic migration for an 18,000-patient ecosystem; reported findings directly to C-suite executives to ensure system configurations aligned with regulatory compliance.
- **Operational Optimization:** Improved resolution speed for complex patient-provider data conflicts by over 50%, leveraging expert system navigation to reduce average handling time from 45 to 20 minutes.
- **Systemic Stabilization & Triage:** Resolved 10–20 high-friction systemic issues daily, specifically bridging navigation gaps for trans and nonbinary individuals to ensure equitable access to care.
- **Labor Governance & Advocacy:** Elected Union Delegate representing 300+ staff members (60% of workforce); navigated two successful contract negotiations with executive leadership to ensure organizational policies remained mission-aligned.
- **System Validation & Issue Resolution:** Conducted rigorous audits of user provisioning and permissions logic during a major system transformation; acted as the primary liaison to synthesize clinical feedback, identify system-level issues, and implement operational workarounds to prevent service gaps.

*Event Coordinator, F&B Reservation Agent, and Server | The Standard Hotel & ABCV | 2015-2021*

- **Synchronized Multi-Platform Logic:** Orchestrated high-volume operational data and customer logic for 7 NYC-based venues across 2 flagship hotels utilizing SevenRooms and Tripleseat.
- **Validated Enterprise Database Integrity:** Safeguarded high-fidelity record validation within a shared global CRM database, ensuring local data accuracy for 300+ daily guest interactions.
- **Negotiated Fiscal Stewardship:** Facilitated small-scale event contracts and procurement; ensured 100% accuracy in contract fulfillment and client expectations for localized revenue streams.
- **Spearheaded High-Concurrency Performance (ABCV):** Coordinated breakfast service for 11 concurrent tables (22–44 patrons) during peak demand; applied real-time resource routing and cross-functional teamwork to maintain service excellence in a high-stress environment.

*Senior Program & Account Lead | Del Monsoon | 2010–2019*

- **Operational Leadership & Governance:** Acted as the core operational lead, dynamically scaling execution teams from a two-person nucleus to upwards of 100+ contingent staff and cross-functional subcontractors.
- **Fiscal Stewardship & Procurement:** Managed project spend, invoicing, and vendor logistics, identifying organic growth opportunities that generated \$60K+ in new-business streams.
- **CRM & Stakeholder Management:** Managed high-fidelity operational data within regional platforms to evaluate program effectiveness and drive data-based decision-making.

## **Strategic Initiatives & Applied Research**

### **Operational Evaluation: Statistical NLP Pipeline (Active Development) | 2026**

Methodological Design: Scoping an automated, repeatable Statistical NLP workflow utilizing Python, TF-IDF feature extraction, and KMeans clustering to evaluate high-volume, unstructured stakeholder survey data.

Reproducible Analytics: Establishing fixed mathematical parameters to dynamically categorize qualitative feedback into actionable operational insights, replacing manual data tallying with highly scalable, reproducible text analytics.

### **System Architecture & Workflow Evaluation: Healthcare Access Routing Engine (Active Development) | 2026**

Technical Scoping & Optimization: Evaluated initial data warehouse architecture against front-line stakeholder latency needs, successfully pivoting the project scope to a serverless AWS (S3/Lambda) model to optimize real-time application performance. Implementation & Pipeline Engineering: Architecting a Python-based data bus to ingest, process, and normalize disparate API endpoints; designed explicit data transfer setup metrics and schema validation tests to combine geospatial and system data into a unified engine.

Operational Validation: Partnered directly with clinical teams to validate assumptions and problem statements, ensuring the proposed automation logic accurately mitigates systemic barriers in behavioral health referrals.

## **Quantitative Methods & Academic Projects**

**Geospatial Advocacy & Predictive Modeling:** Engineered a contextual model using Poisson Regression to evaluate resource drivers in NYC; identified critical institutional anomalies to prevent the misallocation of public resources.

**Systemic Evaluation & Operations Research:** Synthesized 15 years of peer-reviewed healthcare modeling data to evaluate cross-departmental silos, insurance bottlenecks, and structural inefficiencies, translating academic research into practical frameworks for operational improvement.

## **Additional Skills & Certifications**

- Alteryx Designer Core Certification  
*Alteryx*
- Certified Teaching English as a Second or Foreign Language/ESL Language Instructor  
*Literacy Assistance Center Academy, New York, NY*
- Certified DELF A1/A2  
*Université de Caen Basse-Normandie, Caen, France*
- Certified COVID-19 Contact Tracer  
*Johns Hopkins University, Coursera.org*

## **Community Leadership**

*Co-Founder & Event Producer | Queer Roots Cinema | 2021–Present*

Co-founded and lead end-to-end production for a 30-member intergenerational community program, facilitating inclusive discussion and event logic.

## **Self-Care Methods**

Continual academic pursuit; training in contemporary dance; tabletop RPG game mastery (collaborative storytelling)
