Mission

Expert in architecting technical and operational bridges between public policy, C-suite strategy, and front-line data integrity for complex civic, sustainable, and operational infrastructure.

Education

Master of Science in Quantitative Methods and Modeling

Baruch College, Zicklin School of Business, New York, NY

Relevant Coursework Highlights:

Data Warehousing and Analytics | Simulation Modeling & Analysis | Modern Regression Analysis |
Corporate Finance | Investment Analysis | Data Visualization | Data Mining for Business Analytics |
Principles of Database Management | Programming for Analytics.

GPA:

3.525

Bachelor of Arts in French, minor in Art History

Francis Marion University, Florence, SC

GPA:

3.633

Technical Skills

Programming & Scripting: Python (Data Mining, ELT, Complex Visualization), R (Multiple Linear Regression, Stepwise Optimization, ANOVA), SQL (PostgreSQL/MySQL), YAML, Agile, API Logic, Data Transfer Testing, Data Validation, Schema Mapping

Visualization & Modeling: Tableau, Plotly, Google Data Studio, Advanced Excel (Analytic Solver, Complex Spreadsheet Modeling & Optimization)

System Architecture & SaaS Governance: Data Governance (HIPAA, PHI/PII Protection), Alteryx (Designer Core Certified), dbt (Data Build Tool), BigQuery; engineered automated pipelines to ensure 100% data integrity for public-sector reporting

Professional Experience

Lead Patient Care Associate (Implementation Consultant) | Callen-Lorde | 2021–2026

- **Enterprise System Auditing & Advocacy:** Audited operational baselines and front-line data fidelity during an enterprise-wide Epic migration for an 18,000-patient ecosystem; reported findings directly to C-suite executives to ensure system configurations aligned with regulatory compliance.
- **Operational Optimization:** Improved resolution speed for complex patient-provider data conflicts by over 50%, leveraging expert system navigation to reduce average handling time from 45 to 20 minutes.
- **Systemic Stabilization & Triage:** Resolved 10–20 high-friction systemic issues daily, specifically bridging navigation gaps for trans and nonbinary individuals to ensure equitable access to care.
- **Labor Governance & Advocacy:** Elected Union Delegate representing 300+ staff members (60% of workforce); navigated two successful contract negotiations with executive leadership to ensure organizational policies remained mission-aligned.
- **System Validation & Issue Resolution:** Conducted rigorous audits of user provisioning and permissions logic during a major system transformation; acted as the primary liaison to synthesize clinical feedback, identify system-level issues, and implement operational workarounds to prevent service gaps.

Event Coordinator, F&B Reservation Agent, and Server | The Standard Hotel & ABCV | 2015-2021

- **Synchronized Multi-Platform Logic:** Orchestrated high-volume operational data and customer logic for 7 NYC-based venues across 2 flagship hotels utilizing SevenRooms and Tripleseat.
- **Validated Enterprise Database Integrity:** Safeguarded high-fidelity record validation within a shared global CRM database, ensuring local data accuracy for 300+ daily guest interactions.
- **Negotiated Fiscal Stewardship:** Facilitated small-scale event contracts and procurement; ensured 100% accuracy in contract fulfillment and client expectations for localized revenue streams.
- **Spearheaded High-Concurrency Performance (ABCV):** Coordinated breakfast service for 11 concurrent tables (22–44 patrons) during peak demand; applied real-time resource routing and cross-functional teamwork to maintain service excellence in a high-stress environment.

Senior Program & Account Lead | Del Monsoon | 2010–2019

- **Operational Leadership & Governance:** Acted as the core operational lead, dynamically scaling execution teams from a two-person nucleus to upwards of 100+ contingent staff and cross-functional subcontractors.
- **Fiscal Stewardship & Procurement:** Managed project spend, invoicing, and vendor logistics, identifying organic growth opportunities that generated \$60K+ in new-business streams.
- **CRM & Stakeholder Management:** Managed high-fidelity operational data within regional platforms to evaluate program effectiveness and drive data-based decision-making.

Strategic Initiatives & Applied Research

Operational Evaluation: Statistical NLP Pipeline (Active Development) | 2026

Methodological Design: Scoping an automated, repeatable Statistical NLP workflow utilizing Python, TF-IDF feature extraction, and KMeans clustering to evaluate high-volume, unstructured stakeholder survey data.

Reproducible Analytics: Establishing fixed mathematical parameters to dynamically categorize qualitative feedback into actionable operational insights, replacing manual data tallying with highly scalable, reproducible text analytics.

System Architecture & Workflow Evaluation: Healthcare Access Routing Engine (Active Development) | 2026

Technical Scoping & Optimization: Evaluated initial data warehouse architecture against front-line stakeholder latency needs, successfully pivoting the project scope to a serverless AWS (S3/Lambda) model to optimize real-time application performance. Implementation & Pipeline Engineering: Architecting a Python-based data bus to ingest, process, and normalize disparate API endpoints; designed explicit data transfer setup metrics and schema validation tests to combine geospatial and system data into a unified engine.

Operational Validation: Partnered directly with clinical teams to validate assumptions and problem statements, ensuring the proposed automation logic accurately mitigates systemic barriers in behavioral health referrals.

Quantitative Methods & Academic Projects

Geospatial Advocacy & Predictive Modeling: Engineered a contextual model using Poisson Regression to evaluate resource drivers in NYC; identified critical institutional anomalies to prevent the misallocation of public resources.

Systemic Evaluation & Operations Research: Synthesized 15 years of peer-reviewed healthcare modeling data to evaluate cross-departmental silos, insurance bottlenecks, and structural inefficiencies, translating academic research into practical frameworks for operational improvement.

Additional Skills & Certifications

- Alteryx Designer Core Certification
Alteryx
- Certified Teaching English as a Second or Foreign Language/ESL Language Instructor
Literacy Assistance Center Academy, New York, NY
- Certified DELF A1/A2
Université de Caen Basse-Normandie, Caen, France
- Certified COVID-19 Contact Tracer
Johns Hopkins University, Coursera.org

Community Leadership

Co-Founder & Event Producer | Queer Roots Cinema | 2021–Present

Co-founded and lead end-to-end production for a 30-member intergenerational community program, facilitating inclusive discussion and event logic.

Self-Care Methods

Continual academic pursuit; training in contemporary dance; tabletop RPG game mastery (collaborative storytelling)
