## Searchability

### ATS Tip

- ✓ You've added a company name (City of Gresham) and web address (<https://www.governmentjobs.com/jobs/5301833-0/management-analyst-2-environmental-services>) which can help us provide you ATS-specific tips.

### Contact Information

- ✗ We did not find an address in your resume or the address is incomplete. Recruiters use your address to validate your location for job matches.
- ✗ We did not find an email in your resume. Add an email so that recruiters have a means to contact you.
- ✗ We did not find a phone number in your resume. Some recruiters prefer a phone call to email.

### Summary

- ✓ We found a summary section on your resume. Good job! The summary provides a quick overview of the candidate's qualifications, helping recruiters and hiring managers promptly grasp the value the candidate can offer in the position.

### Section Headings

- ✓ We found the education section in your resume.
- ✓ We found the work experience section in your resume.
- ✓ We found work history in your resume.

### Job Title Match

- ✗ The job title 'Management Analyst 2' from the job description was not found in your resume. We recommend having the exact title of the job for which you're applying in your resume. This ensures you'll be found when a recruiter searches by job title. If you haven't held this position before, include it as part of your summary statement.

### Date Formatting

- ✗ ATS and recruiters prefer specific date formatting for your work experience. Please use the following formats: "MM/YY or MM/YYYY or Month YYYY" (e.g. 03/19, 03/2019, Mar 2019 or March 2019).

### Education Match

- ✓ Your education matches the preferred (ged, Bachelor) education listed in the job description.

**File Type**

- ✔ You are using a .docx resume. Most ATS can process .docx files, but more accurately process .pdf files. Consider using a .pdf file instead.
- ✔ Your file name doesn't contain special characters that could cause an error in ATS.
- ✔ Your file name is concise and readable.

## Hard Skills

| Skill                        | Resume | Job Description |

Recruiter Tips

|                    |                                                                                                                                                                                                                                                                                                           |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Job Level Match    | ⚠️ You have more years of experience than the role requires. Keep in mind that our assessment considers total experience, not just relevant years. If you're changing fields or have specific reasons for pursuing this role, consider adding a brief explanation in your application to provide context. |
| Measurable Results | ✅ There are five or more mentions of measurable results in your resume. Keep it up - employers like to see the impact and results that you had on the job.                                                                                                                                                |
| Resume Tone        | ✅ The tone of your resume is generally positive and no common cliches and buzzwords were found. Good job!                                                                                                                                                                                                 |
| Web Presence       | ❌ Consider adding a website or LinkedIn url to build your web credibility. Recruiters appreciate the convenience and credibility associated with a professional website.                                                                                                                                  |

## Word Count

- ✓ There are 713 words in your resume, which is under the suggested 1000 word count for relevance and ease of reading reasons.

## Formatting

## Layout

- ✓ Your resume does not contain columns. Some ATS have trouble accurately parsing columns.
- ✗ Some of your paragraphs are longer than 40 words. Consider shortening them for readability to bring attention to your skills and accomplishments.
- ✓ Your resume doesn't contain images.
- ✓ Your resume does not contain any tables.
- ✓ Your resume primarily uses standardized left alignment for text sections.

## Font Check

- ✓ Special characters were not overused in your resume.
- ✗ Your resume contains too much bold styling. We recommend only using bold styling for job titles, company names, and your name to help improve readability.
- ✓ Your font is in a readable color.
- ✓ Your resume does not overuse different fonts.
- ✗ Your resume contains 1 non-standard font(s) (EB Garamond). We recommend standard fonts such as Arial, Times New Roman, or Helvetica for readability and ATS-compatibility.
- ✓ The average font size of your resume meets readability and ATS standards.

## Page Setup

- ✓ Your resume does not contain information in footers.
- ✗ Your resume contains information in the header. Some ATS can't accurately parse headers or footers, which could affect your formatting or searchability. Remove if possible.
- ✓ Your margin sizes are all consistent and standard sizes.
- ✓ Your document page size is standard.
